Dear Friends,

On behalf of Yad LaKashish's board members, artisans, volunteers, staff and myself, I send Rosh Hashana greetings and warm wishes for a healthy and happy New Year. This past year Yad LaKashish has been deeply impacted, as have many others, by the economic recession. We know these are hard times for all, but imagine how much harder for those who have to live on a small fixed pension. Help us give joy and dignity to the hundreds of our needy elderly who are provided with the opportunity to work and participate in society. With your donation, you are helping restore a life full of hope to our workers in their golden years.

"Working at Yad LaKashish gives me a reason to live."

Chag Sameach,

Nava

Executive Director

"I am alone in this country. Yad LaKashish is my family."

"Working here makes me feel productive and needed. I create, learn and think new things."

"Yad LaKashish is a most wonderful place. I never thought I would become an artist in my old age."
