

Poltava grows Jews/Uganda grows coffee

“Not just a cup, but a *JUST* cup”

Be part of Congregation Beth Am’s fundraising effort to help “grow” our Jewish community in Poltava, Ukraine, while helping the Ugandan Fair Trade Coffee Co-op.

The Mirembe Kawomera Coffee project, [www. mirembekawomera.com](http://www.mirembekawomera.com), is a Ugandan cooperative of Jewish, Muslim and Christian coffee farmers working together to build a sustainable industry. The coffee is **certified organic, Fair Trade and Kosher.**

Help us work towards peace, tolerance and economic justice in the region. Profits go directly to the Beth Am’s Poltava Fund and to the Ugandan Fair Trade Coffee Co-op.

The coffee price is \$1 more because of the increase of transportation costs.
