

HOW TO GET INVOLVED IN CALIFORNIA

1. **Contact Congress** – Call your elected US Senator and Representative and ask them to make gun violence prevention a priority for 2017
2. Call your elected State Senator and Representative and ask them to make gun violence prevention a priority for 2017
3. Support our Educators for Gun Sense campaign – Join our new campaign to sign up 10,000 educators who oppose the NRA’s agenda to bring civilian guns onto elementary, high school, and college campuses. Get 10 educator friends to join as well, or become an ambassador for this program in your area: <http://everytown.ngpvanhost.com>
4. **Join our Gun Sense Action Network Calling Team** – This new calling effort will organize Moms members nationwide to push back as one against the worst bills coming up in statehouses across the country each week. Commitment is one hour a week – a small investment that will have a direct impact on stopping the Gun Lobby. Sign up here: <http://act.everytown.org/signup/GSAN/>
5. **Join our Membership, Events, or Volunteer Outreach Teams** – Have a few hours to spare each month? Join our amazing local Moms group and help us with our community organizing effort. Let a Moms Demand Action local leader know if you can join the team.
6. **Recruit 10 friends to Moms Demand Action!** We already have 3.5 million members. Very soon, we will be bigger and louder than the NRA. Email this link to your friends so they can sign up: <http://momsdemandaction.org/join-us>. Or, have them text the word NOW to 644-33.
7. **Stay in the loop on social media:**
